Old hat, but worth remembering, and relevant given newensign's last post

"In 1913, Congressman Charles August Lindbergh said: "When the President signs this bill; the invisible government by the Monetary Power will be legalized...The greatest crime of the ages is perpetrated by this banking and currency bill...The day of reckoning is only a few years removed."

Prophetic words.

The establishment of the Federal Reserve Bank in 1913 set off a chain of baneful events that blighted the 20th century and darkens our prospects for the 21st. It began with the World Wars and the Great Depression, and continues with 9-11 and the wars on Afghanistan, Iraq, Libya, Syria and Ukraine.

In 1913, America's leaders were bribed and bamboozled by mostly foreign bankers and their US agents. Our "leaders" committed treason by giving these bankers the power to create money out of thin air backed only by the credit, i.e. taxes, of the American people.

The U.S. government now borrows its own money from international bankers and pays them interest to the tune of \$400 billion per annum for the privilege.

If you hoodwinked the United States in this fashion, what would you do?

You would either give the magical power back to its rightful owner, the US government.

Or, you would use it to take over the world, own everything and to control everyone.

Guess which choice the bankers made?

Modern history displays a long-term plan by dynastic banking families and their allies to create an Orwellian World dictatorship ("New World Order") in which wealth will be further concentrated, and human life will be further degraded.

Wars and depressions, pandemics and "vaccines," modern art and culture, gender dysphoria, sexual "liberation" and feminism, are all part of this design. **The role of historians and the mass media is to obscure this plan and to beguile the masses into thinking they are free and their leaders represent their interests.**

FDR EXPOSED BY SON-IN-LAW

This conviction was reinforced by Col. Curtis Dall's book, *"FDR: My Exploited Father-in-Law"* (1970). Dall, who was married to Franklin Roosevelt's daughter Anna, spent many nights at the White House and often guided FDR around in his wheelchair. He was also a partner at a Wall Street brokerage.

ADVERTISEMENTS

Dall maintained a family loyalty but could not avoid several disheartening conclusions in his book. He portrays the legendary president not as a leader but as a "quarterback" with little actual power.

The "coaching staff" consisted of a coterie of mostly Jewish handlers ("advisers" like Louis Howe, Bernard Baruch and Harry Hopkins) who represented the international banking cartel. For Dall, FDR ultimately was a traitor manipulated by "World Money" and motivated by conceit and personal ambition.

FDR's main perfidy was suppressing information about the Japanese attack on Pearl Harbor, at the cost of almost 3,000 lives. He did this because the bankers needed US involvement in WWII, something 85% of Americans opposed. The Japanese had instructions to call off the attack if they lost the element of surprise.

Dall relates a less known but more telling anecdote.

In 1956, George Earle, left, a former governor of Pennsylvania, told him that in 1943 the Nazis tried to surrender. **At the time, Earle was Naval Attache in Istanbul when Admiral Wilhelm Canaris, head of the German Secret Service, approached him personally.**

Canaris told him that the German generals felt Hitler was leading Germany to destruction. They could not accept Roosevelt's policy of "unconditional surrender," but if FDR would offer "honourable surrender," the army was prepared to stage a coup d'etat.

They believed that Russia represented a threat to Western Civilization and they were ready to present a non-Nazi German bulwark against Communist designs in Eastern Europe.

To make a long story short, FDR repeatedly ignored this proposal which could have ended the war in 1943 and saved millions of lives. Canaris and hundreds of other decent German officers were later tortured and killed by the Gestapo.

The bankers' policy, as exhibited by the fire bombing of German cities, was clearly to 1) prolong the war and inflict maximum damage on Germany, 2) ensure that Soviet Russia occupy Eastern Europe and become a major world power.

Frankly, I can't believe what weenies Canaris and the German generals were. They didn't need Allied approval to depose Hitler. They could have done it and continued the war if necessary. Didn't any of them realize that *Hitler was a "British" agent???*

COMMUNISM AS MODEL OF MANKIND'S FUTURE

The banking cartel acted as if Communist Russia was their personal creation, which it was. One of FDR's first acts in office was to recognize the Soviet regime. FDR advisers Henry Morgenthau and Harry Dexter White arranged for U.S. treasury printing plates to be sent to Russia so the Communists could print their own US money. They arranged \$8 billion in lend lease aid to Russia *after the war was over*. Col. Dall personally confronted Louis Howe over Russian agents he saw meeting Howe *in the White House*.

According to Antony Sutton ("*Wall Street and the Bolshevik Revolution*"), the Bolshevik Revolution was funded by international bankers. In 1917, Trotsky and 200 revolutionaries were literally transferred from New York's Lower East Side to St. Petersburg to foment the revolution.

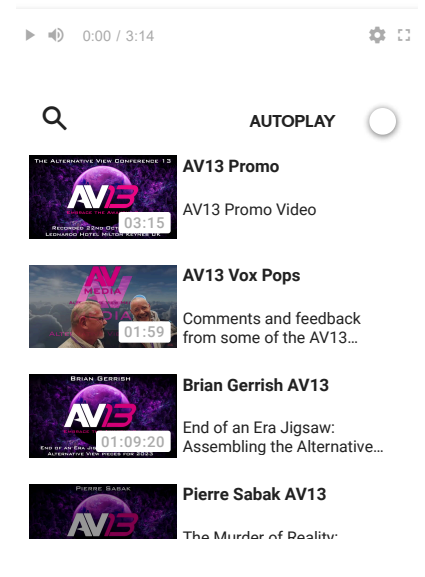

What are we to make of all this?

We have to recognize that monopoly capitalism and Communism have an affinity. Both are enemies of competition and freedom. A Communist government can give the cartels control of raw materials and markets. It can provide huge contracts and take on huge debts. A Communist government can ensure social control in order to protect the concentration of wealth. The US economy is now controlled by a handful of cartels. We are facing Communism with private instead of public monopoly.

Is it a coincidence that the Communist Party term "politically correct" has entered the American lexicon?"

A Big Thank You

A big thank you to those of you who attended the AV13 Conference in Milton Keynes. It was fantastic to finally get back together and welcome old friends and newcomers to a very enjoyable and memorable event. We are already already working on the next AV events.

If you didn't make it to AV13 we now have the presentation recordings available.

Regards and best wishes.

The AV Team.

Germany was set up to be destroyed by the refugees who flooded into the Weimar Republic from the Ukraine area which was formally Khazaria, then took over the levers of power with support from the Rothschilds' IG Farben and other big firms. It was IG Farben's security police who formed the SS and Gestapo. It was a bankers' war using Germany as a Pawn, Pete.

Yes indeed newensign. Both World Wars last century were a direct result of the Money Power driving events behind the scenes, see Anthony Sutton. Their considerable existing power being massively increased by their gaining control of the ability to create US dollars out of thin air in 1913. Their corporations made vast fortunes along the way. The Money Power funded both sides of both wars, as usual

The creation of the "Federal Reserve", and the Federal Income Tax, in 1913 were pivotal. The Money Power could then draw on the vast creativity and credit of the "can do" American people.....

The Fed is still privately owned by European, old family, banking houses, to this day! It is neither "Federal" nor has any "Reserves". It isn't even owned by Americans! These usurious Jewish demons have sucked the American people dry so that they now resemble a pale shadow of their former selves. The take down of USA is almost complete now, the final collapse can't be far away

Can anybody seriously believe that the current Ukraine and Gaza wars are any different?
